GLOBAL PREPARATIONS FOR THE SECOND COMING

“See that you be not troubled, for all these things must come to pass; When you see all these things, know that it is near, even at the doors.”

~ Matthew 24:6,33 ~

SATURDAY, NOVEMBER 19, 2016 • 3pm-5pm

Houston, TX 77084

CORNER OF HWY 6 & CLAY RD

First Hour

Revelation 13 is, in our estimation, one of the most hi-tech chapters in the Bible. Everything in this chapter points to advanced high technology. From calling fire down out of heaven, to great and mighty signs “in the sight of the beast,” to a global ruler convincing the world of his claim to Deity, to a resurrection from the dead, and the creation of a life-like, human-like replica of the ruler himself that is so convincing that the world worships the replica over the original ... it's all technology never before known until now! This multimedia presentation will show it all.

Oil in Israel

Second Hour

Select prophecies declared in Genesis, Deuteronomy and 1 Chronicles foretell a time in “the last days” when the tiny nation of Israel will outshine her enemy neighbors with enough petroleum as to shame them openly and shock the world. Since the 1970s at least, a story has been unfolding in that region of untold, untapped wealth “in the deep that lieth under” (Gen. 49:25). From the Asher Oil Drilling Project in the ‘80s, to today’s host of companies currently engaged in exploration, expectations are high that Israel could soon become a major producer and exporter of oil and gas. Come see the evidence.

“Wally keeps the information so interesting with showing lots of pictures and video clips. I highly recommend Wally’s presentations to church audiences everywhere. We need to be aware and alert for these end times.” - Sharon Sargeant, Founder of The Shepherd’s Guide of Houston
